

## DEPTH™ i

STEREO/HOME THEATER SUBWOOFER

ESL  
SERIES

### DEEP, POWERFUL, AND DETAILED

Depth i deploys the full array of MartinLogan's subwoofer technologies to achieve deep, rich, satisfying bass while preserving electrostatic-like accuracy and detail. Its TriLinear™ BalancedForce™ alignment, advanced low-distortion switching amplifier, and sophisticated triple-servo control systems extract the very best possible performance from Depth i's high-resolution triple 8-inch aluminum-cone woofers. The result? Levels of purity and accuracy seldom found in subwoofers at twice the price.

Frequency Response	20–120 Hz ± 3dB
Low Pass Filter Frequencies	30, 35, 45, 55, 65, 80Hz, CLX (optional)
High Pass Filter Frequencies	40, 70Hz, Bypass
25Hz Level Control	±10dB
